COOPERATION

Van Eeghen Functional Ingredients 

Benefits

PRODUCT CONCEPT

- Unique combination of fruit, vegetable and herbs
- Branded ingredients
- Ingredients with EFSA approved health claims

COMPLETE DOCUMENTATION AVAILABLE

- Expertise of accredited laboratory
- By the authorities certified food supplement
- Specification of raw materials/product
- Process flow chart
- Stability studies

DECLARATION FACTS

- Ingredient list
- Nutritional facts
- Promotional statements (EFSA conform)
- highly bioavailability

READY PACKAGING SOLUTIONS

- Bottle
- Blister
- Packed in folding boxes

Natural Daily Energy Solution

Dietary supplements to enhance exercise and athletic performance come in a variety of forms. Many of these products contain numerous ingredients in varied combinations and amounts. This unique combination focusses on completing the daily supply of nutrients which are most important to keep your body in shape, have the energy to keep going and improve your performance and enhance exercise.

Spectra™ is a new dawn in our understanding of how fruits, vegetables and herbs positively interact and influence physiological functions in the human body. A mix of 29 fruit, vegetable and herbal extracts have shown to boost Nitric Oxide levels, reduce free radicals in the body and spike cellular oxygen consumption.

Choline is an essential nutrient and in 2016 the EU established Adequate Intake (AI) levels at 400 mg per day for adults. Choline provides more nutrients to muscles, it helps to maintain focus by sending messages to muscles more quickly and it transports fats out of the liver, used as a source of energy.

Daily DHA supply brings several benefits, like improved muscle recovery, boosting blood and oxygen flow to muscles, increased protein synthesis and improved reaction time of athletes during competition.

SCIENTIFIC EVIDENCE

100 mg supplementation with Spectra™ has been clinically proven to:

- Increase Nitric Oxide
- Increase cellular oxygen consumption
- Reduce free radicals

DAILY EXERCISE SUPPORT CAPSULES

Ingredients	per 2 capsules (recommended daily dosage)	RDA*
Magnesium (Magnesium bisglycinate)	57 mg	15%
Fish oil 1050 TG (EPA / DHA)	544 mg (49 mg / 250 mg)	--
